TO THE STOCKHOLDERS OF
THE CATO CORPORATION

Notice is hereby given that the annual meeting of stockholders of The Cato Corporation (the Company) will be held on Thursday, May 25, 1995 at 11:00 A.M., Eastern Time, at the Home Office of the Company, 8100 Denmark Road, Charlotte, NC 28273, for the following purposes:

1. To consider and vote upon a proposal to amend the Company's 1987 Non-Qualified Stock Option Plan to increase by 750,000 the number of shares of Common Stock available for issuance under the Plan;
2. To elect five Directors to serve until their successors are elected and qualified;

The Board of Directors has fixed the close of business on March 31, 1995, as the record date for determination of stockholders entitled to notice of and to vote at the meeting or any adjournments thereof.

By Order of the Board of Directors
ALAN E. WILEY
Secretary

Dated: May 2, 1995

STOCKHOLDERS ARE URGED TO SIGN AND MAIL THE ENCLOSED PROXY IN THE ENCLOSED ENVELOPE TO ENSURE A QUORUM AT THE MEETING. THIS IS IMPORTANT WHETHER YOU OWN FEW OR MANY SHARES. DELAY IN RETURNING YOUR PROXY MAY SUBJECT THE COMPANY TO ADDITIONAL EXPENSE.

The Cato Corporation
8100 Denmark Road
Charlotte, North Carolina 28273-5975

PROXY STATEMENT

This proxy statement is furnished in connection with the solicitation of proxies by the Board of Directors of The Cato Corporation (the Company) for use at the annual meeting of stockholders of the Company to be held on May 25, 1995, and at any adjournment or adjournments thereof. This proxy statement and the accompanying proxy card are first being mailed to stockholders on or about May 2, 1995.

Only stockholders of record at the close of business on March 31, 1995 are entitled to notice of and to vote at the meeting. As of March 31, 1995, the Company had outstanding and entitled to vote 23,132,327 shares of Class A Common Stock (Class A Stock) held by approximately 1,286 holders of record and 5,264,317 shares of Class B Common Stock (Class B Stock) held by 16 holders of record. The Transfer Agent estimates that there are approximately 8,000 shareholders in total. Holders of Class A stock are entitled to one vote per share and holders of Class B Stock are entitled to ten votes per share. Holders of Class A Stock vote with holders of Class B Stock as a single class.

All proxies which are properly executed and received prior to the meeting will be voted at the meeting. If a stockholder specifies how the proxy is to be voted on any of the business to come before the meeting, the proxy will be voted in accordance with such specification. If no specification is made, the proxy will be voted for the amendments to the Company's 1987 Non Qualified Stock Option Plan and for the election of Directors. A proxy may be revoked, to the extent it has not been exercised, at any time prior to its exercise by written notice to the Secretary of the Company, by executing and delivering a proxy with a later date or by voting in person at the meeting.

If you plan to attend and vote at the meeting and your shares are held in the name of a broker or other nominee, please bring with you a proxy or letter from the broker or nominee to confirm your ownership of shares.

In accordance with applicable Delaware law and the Company's Bylaws, the holders of a majority of the combined voting power of Class A Stock and Class B Stock present in person or represented by proxy at the meeting will constitute a quorum. Abstentions are counted for purposes of determining the presence or absence of a quorum. With regard to the election of directors, votes may either be cast in favor of or withheld, and (assuming the presence of a quorum) directors will be elected by a plurality of the votes cast. Votes that are withheld will be excluded entirely from the vote and will have no effect on the outcome of

the election. Approval of the proposal to amend the Company's 1987 Non-Qualified Stock Option Plan requires the affirmative vote of a majority of the combined voting power of the Class A Stock and Class B Stock present in person or represented at the meeting and entitled to vote. On any proposal other than the election of directors, an abstention will have the same effect as a negative vote but, because shares held by brokers will not be considered entitled to vote on matters which the brokers withhold authority, a broker non-vote will have no effect on the vote on any such proposal.

The Company will bear the expense of preparing, printing and mailing the proxy statement to stockholders. The Company will reimburse brokers, dealers, banks and other custodians, nominees and fiduciaries for their reasonable expenses in forwarding proxy solicitation materials to beneficial owners of the Company's Class A Stock and Class B Stock and securing their voting instructions.

COMPENSATION COMMITTEE AND STOCK OPTION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The following report submitted by the Compensation Committee and Stock Option Committee of the Board of Directors addresses the Company's executive compensation policies for fiscal 1994.

The Compensation Committee is composed of nine members—seven outside directors, the Chief Executive Officer and an Executive Vice President. The Compensation Committee provides guidance for the Company's executive compensation programs to insure a direct relationship between executive compensation and corporate performance.

The Stock Option Committee is composed of the seven outside members of the Board of Directors. The Stock Option Committee makes final decisions regarding stock option awards made under the Company's plans.

The Company's executive compensation program has been designed (i) to provide compensation equivalent to compensation offered by peer group companies thereby allowing the Company to attract and retain the most qualified executives, (ii) to motivate executive officers by rewarding them for attaining pre established Company financial goals and individual performance goals and (iii) to align the interest of executive officers with the long-term interest of stockholders.

In designing the compensation packages for executive officers, the Compensation Committee and Stock Option Committee compare the Company's executive officer compensation packages with peer group executive officer compensation packages, some of which are included in the Dow Jones Specialty Apparel Market Index plotted in the performance graph. Peer group companies which are similar in size and operate in the specialty apparel retail market are given particular consideration. The Compensation Committee and Stock Option Committee also consider the views of the Company's outside retail consultants concerning appropriate compensation levels for executive officers.

The executive compensation program is focused on attainment of profitability and enhancement of stockholder equity. Currently, the Company's executive compensation program consists of three principal types of compensation: annual base salary, incentive bonuses and long-term stock option awards. Executive

officers are rewarded when the Company achieves financial goals related to total revenues, net income, return on equity and expense management and when the executive officer achieves individual performance goals related to the executive officer's specific area of responsibility.

Annual Base Salary - Each year the Compensation Committee determines the base salary for each executive officer based on whether the executive officer achieves his or her individual performance goals.

Incentive Bonus - Incentive bonuses, paid to executive officers in April following the fiscal year end, are based on the achievement of the Company's financial goals and the achievement of the executive officer's individual performance goals. A bonus accrual is made based on the achievement of corporate financial goals. If corporate financial goals are not achieved the accrual may be reduced or eliminated. However, the Compensation Committee may choose to give a performance bonus to an executive officer based on individual performance goals.

Long-Term Stock Option Awards - Stock options are awarded by the Stock Option Committee under the Company's Incentive Stock Option Plan and Non-Qualified Stock Option Plan to executive officers to provide incentive for the executive officer to focus on the Company's future financial performance and as a means to encourage an executive officer to remain with the Company. The Stock Option exercise price is 100% of the fair market value of the Class A shares on the date of grant and vests in 20% increments over five years. Stock option grants are made when executive officers join the Company and thereafter at the discretion of the Stock Option Committee.

The Compensation Committee and Stock Option Committee recognize that, to some degree, the determination of an executive officer's compensation package involves subjective considerations.

Chief Executive Officer

The Compensation Committee (other than Mr. Wayland H. Cato, Jr.) and the Stock Option Committee determine the compensation package for the Chief Executive Officer by comparing his compensation package to the Chief Executive Officer compensation packages of the peer group. The Compensation Committee and Stock Option Committee also take into consideration years of service, specialty retail apparel experience, leadership, dedication and vision.

Cato, Jr. are the only officers of the Company who serve on the Compensation Committee.

During 1994, the Company entered into one lease agreement with Fourth Stockton Company, a North Carolina General Partnership, owned equally by Mr. George S. Currin, a Director of the Company, and his wife. The lease begins in the Spring of 1995 and continues for approximately 10 years with renewal terms at the option of the Company. The Company entered into three (3) lease agreements with Currin-Patterson Properties LLC, a North Carolina Limited Liability Company of which Fourth Stockton Company is half owner. The leases begin in Fall 1995 and continue for approximately 10 years with renewal terms at the option of the Company.

The Company has two (2) existing lease agreements under similar terms with Fourth Stockton Company. During 1994, the Company paid to Fourth Stockton Company the amount of \$99,788 for rent and related charges. The Company received \$120,000 for construction reimbursement from Fourth Stockton Company. The Company estimates that the aggregate payments for base rent to Fourth Stockton Company and Currin-Patterson Properties LLC will be \$29,202 per month when all leases are active.

The Company believes that the terms and conditions of the Lease Agreements are comparable to those which could have been obtained from unaffiliated leasing companies.

CERTAIN COMPENSATION PLANS

1987 Non-Qualified Stock Option Plan

The Company's 1987 Non-Qualified Stock Option Plan (the NQO Plan) currently provides for the issuance of a total of not more than 2,325,000 shares, which may be either shares of the Company's Class A Stock or Class B Stock (hereinafter the Common Stock), to key employees (including officers) of the Company and its subsidiaries. The number of employees eligible to receive stock option grants is approximately 100.

The NQO Plan is administered by the Stock Option Committee of the Board of Directors (the Committee) that, subject to certain limitations contained in the NQO Plan, determines who will receive non-qualified stock options (NQOs) and the terms, including price, duration, number of shares covered, the class of option shares to be granted and the timing of exercise. In its discretion, the Committee may grant stock appreciation rights (SARs) in tandem with NQOs granted under the NQO Plan. No member of the Committee is eligible to participate in the NQO Plan. The Committee is currently composed of Messrs. Robert L. Kirby, Robert W. Bradshaw, Jr., George S. Currin, Paul Fulton, Grant L. Hamrick, James H. Shaw, and A. F. (Pete) Sloan.

An NQO must be granted at an exercise price not less than 100% of the fair market value of the Class A Stock on the date of grant and must be exercised within ten years of the date of grant. Outstanding NQOs are not transferable and, with certain exceptions, are exercisable only while the optionee is employed by the Company or within three months thereafter. An NQO may be exercised by the payment of cash or, at the Committee's discretion, by the surrender of shares of Common Stock of the Company or a combination of cash and such shares. There is no limitation on the number of NQOs which may be granted to any one employee or on the number of shares which may be subject to an NQO. The closing market price for the Company's Class A Stock on the NASDAQ National Market System was \$6.38 on March 31, 1995.

An SAR permits an optionee to surrender an unexercised NQO, or any portion thereof, and to receive from the Company in exchange, shares of the Company's Common Stock equal in value to the difference between the NQO exercise price and the market value of the shares subject to the option on the date the NQO is surrendered. At the Committee's discretion, all or part of an SAR may be paid in cash in lieu of stock. An SAR may be granted only to a recipient of an NQO in connection with the grant of the NQO, must be subject to the terms and conditions of the related NQO and must expire no later than the date the related NQO expires. To date, no SARs have been granted under the NQO Plan.

The Company has been advised that, under the law as now in effect, a recipient of an NQO under the NQO Plan will pay no tax upon receipt of the NQO. Upon exercise of the NQO, recipients will be taxed at ordinary income rates and the Company will have a corresponding deduction in the amount of the difference between the exercise price and the market price of the Common Stock on the date of exercise. Thereafter, any increase or decrease in the market price of the stock between the date of exercise and the date of sale is a short-term or long-term capital gain, depending upon the period for which the stock is held. There are no tax consequences to the Company upon the sale of the stock by the optionee.

The table below sets forth certain information concerning NQOs granted during the Company's last fiscal year to (i) each executive officer of the Company, (ii) all executive officers of the Company as a group and (iii) all employees, including officers who are not executive officers, as a group.

Amendment to the 1987 Non-Qualified Stock Option Plan

On September 22, 1994, the Board of Directors, subject to the approval of the Company's stockholders, amended the NQO Plan to increase the number of shares available for issuance under the NQO Plan from 2,325,000 to 3,075,000 shares. On September 22, 1994, options for 404,500 shares were granted under the NQO Plan subject to stockholder approval of this amendment. The affirmative vote of the holders of a majority of the outstanding shares of Class A Stock and Class B Stock, voting as a single class, is required to approve this amendment. The options granted subject to stockholder approval of this amendment will be nullified if the amendment is not approved.

By increasing the number of shares covered by the NQO Plan, the Company can continue to use NQOs to provide incentives to existing key associates to contribute to the growth of the Company and to attract and retain additional key associates. The Board of Directors recommends that the stockholders vote for the approval of this amendment.
